**AMBULANCE SERVICE, INC.**

## **VIAL OF LIFE PROGRAM**

**VIAL OF LIFE** allows paramedics to quickly access life-saving information in your home during an emergency situation. Your **VIAL OF LIFE** package should include:

- 1 vial with an orange label attached
- 1 medical history card to be inserted in vial
- 1 orange **VIAL OF LIFE** sticker to be placed on your door
- 1 **Noga Ambulance Service** phone sticker

Place the orange label on the door that paramedics would use to enter your home. Then simply complete the medical history card, put the card in the vial and place the vial in your refrigerator. Your refrigerator is the universal location for this program and will be the first place emergency personnel will look for your medical history card.

The **VIAL OF LIFE** program is sponsored by **Noga Ambulance Service**. The program is free and available by contacting **Noga Ambulance Service** at **724-652-8300**.
