CPR & First Aid solutions that work for your business

YOUR TIME IS VALUABLE LET US TEACH YOUR STAFF

In today's tough economy, time is money, our training staff understands

Your people need accurate, concise, specific training

To meet your industries needs

NOGA CPR & FIRST AID TRAINING SOLUTIONS

- EXPERIENCED INSTRUCTORS
- HIGH QUALITY TRAINING AIDS
- FLEXIBLE CLASS SCHEDULING

In an emergency where a victim's heart has stopped, early CPR may be the only chance of survival until an ambulance arrives. Make your workplace safer and have EVERYONE on your staff trained in CPR.

Flexible training solutions for Your business needs

GENERAL INDUSTRY

We never know when someone will stop breathing or go into cardiac arrest. Whether it is a co-worker or a customer to your business, early CPR can be the meaning between life and death. Let Noga Ambulance teach all of the employees at your facility how to perform CPR properly to create a safer work environment, for your people and your customers.

EDUCATION INDUSTRY

If you need to be certified in CPR, or have not received the new CPR updates from the American Heart Association, Noga Ambulance can help. We will come to your school and certify all faculty members in CPR/AED. We never know when a faculty member or student will stop breathing or go into cardiac arrest. Let Noga Ambulance teach your faculty and keep your school safe.

CPR & AED

Heartsaver classroom courses feature group interaction and hands-on coaching and feedback from an American Heart Association Instructor.

BLOODBORNE PATHOGENS

Teach employees how bloodborne pathogens are spread and how to help prevent exposure incidents by following work practice controls. Topics include engineering controls, personal protective equipment, personal hygiene, cleaning/disinfecting equipment and supplies, and recognizing, reporting and following up on employee exposures to infectious materials.

FIRST AID

This course is for anyone with limited or no medical training who needs a course completion card in first aid to meet job, regulatory or other requirements.
